Make Jesus Famous – In Our Region

Review

Main Points: Initial Thought/Reactions/Comments

1. Church planting: It can be done.
2. Church planting: We can do it.
3. Church planting: We must do it.

Reflect – Questions

1. **It can be done. Read Matthew 28:16-20.** How have you thought about this passage before and what changed or what stood out to you from this message? What priority do you see the New Testament place on church-planting?
2. **There was a lot of research shared about NEO and churches.** What are the numbers you learned or were compelling to you?
3. **We can do it.** God is the kind of God who always uses ordinary people and churches to do extraordinary things. How have you seen that in your life, and how does that shape your view of Orchard NEO? Of the 4 things that make CCC unique, what stood out to you or was new to hear?
4. **We must do it.** Zach listed off several reasons why we must do it... what one struck you or hit you the most? Why would you want to be a part of a new church plant? What would be hard about joining a new church plant?
5. Zach shared the story of Maritza. What was powerful about her story, and what people like her do you know?

Respond

What role do you think you could or would want to have with Orchard NEO?

Pray

Go around as a group and ask for prayer requests. Pray as a group together specifically for Zach and his team, Orchard NEO and for God to do a work in this region.
