Orchard NEO Weekend

Review

Main Points

1. There is a mission
2. There is a mechanism
3. That has meaning

Reflect

1. Have you ever grown fruit trees or gone to an orchard to hand-pick fruit? What things relate to this week's message?
2. **There is a mission.** Read Matthew 28:16-19a. As the Risen Christ rallied His team for the long game, what do you think went through their minds as He delegated His authority and mission to them? What types of things can become the wrong mission?
3. **There is a mechanism.**
 - Go. Why is it so important to establish churches of Jesus-followers in different neighborhoods and communities? (See Daniel 7:13-14).
 - Teach. Jesus told them to make disciples-not just converts or church members. What is the difference? (See Ephesians 4:15-16 and 2 Timothy 2:2).
4. **That has meaning.**
 - What was your biggest take-away from the video?
 - Re-read Daniel 7:13-14. What is the end game to the long game that makes our task extremely meaningful?

Respond

1. When you think about Orchard, what role do you see yourself having? One of praying, giving, or perhaps going to be a part of a new church plant? How does the quote at the Matthew 28:20 encourage you?
2. If you haven't yet, take the survey online at ccchapel.com/Orchard

Pray

Ask for prayer requests and take time to pray together as a group. Pray for the two church planters Jeremy and Jon.

Announcements

All Community Group Kick Off – Sunday, September 8

We are going to kick-off Hebrews Together, Together. The 2nd Annual All-Group Kick-Off on Sunday Night September 8 from 5:30-7:30pm. There will be All-Group time with worship and encouragement from Hebrews. Then there will be Individual Group time with your community group to eat and discuss week 1.

An important detail – you will register your group. You can do it online ccchapel.com/Hebrews. There is a childcare form for people to fill out individually.

Group Serve Opportunity – Anytime

Pregnancy Solutions, one of our amazing local ministry partners, is in need of replacing the carpeting that is in their mobile ultrasound van with flexible vinyl flooring. This is a great opportunity for a community group or family to make a huge impact and bless an amazing ministry partner! CCC has funds to cover the cost of the flooring. We just need a small group to step forward and serve! If you are interested in learning more about this one-time service project, please contact Joy@pregsolutions.org.
