## **Our Time To Shine**

### ***Check-In***

See how your group is doing during this unprecedented season, and if you need anything. Please let CCC of needs we can help with, by emailing [mike.holwerda@cccchapel.com](mailto:mike.holwerda@cccchapel.com).

### ***Discussion***

Read Mark 4:35-41

**Remember, this is not your first time in the boat.**

- What sticks out to you the most about the disciples' reaction to the storm and how Jesus responded?
- Do you have a personal "storm" story? What did you learn about Jesus? How does that help and encourage you now?

**Remember, love matters most.**

- Consider Rodney Stark's conclusion that the way Christians responded to the plagues sparked the massive growth of the early church. What are some examples you can think of where Christians made a huge difference during your lifetime or in other times of history? How does that motivate you now?

**Remember, you are the church. Be the church scattered (like a saltshaker).**

- Pastor Joe mentioned the idea of having an open neighborhood pantry. What do you have that you think others could need?
- Who do you sense that God is calling you to reach out to this week?

### ***Pray***

Go around as a group and ask for prayer requests.
